

Try **NEW** Curél® Targeted Therapy™ Hand & Cuticle and Foot Creams

New Curél® Targeted Therapy™ hand & cuticle and foot creams are specially formulated to heal the dry, rough, hard-working skin on hands and feet.

NEW Curél® Targeted Therapy™ fast-absorbing hand & cuticle cream is a unique formula designed to reveal noticeably softer hands and cuticles with just one use.

NEW Curél® Targeted Therapy™ deep-penetrating foot cream delivers intensive moisturization while you sleep, so even the driest feet look and feel softer and smoother in just two nights.

Curél® Targeted Therapy™ **fast-absorbing hand & cuticle cream** with soy milk, monoï oil & vitamin E

The Curél® Skincare experts understand how important it is to have soft, smooth hands and cuticles. Curél® **fast-absorbing hand & cuticle cream** provides immediate healing relief to dry hands with a powerful formula that includes soothing soy milk, softening monoï oil and naturally healing vitamin E. Rough cuticles are softened with just one use, and hands stay soft and smooth—never greasy—even through several hand washings.

Curél® Targeted Therapy™ **deep-penetrating foot cream** with shea butter, coconut milk & vitamin E

The Curél® Skincare experts know how dry feet can get. With highly emollient shea butter, rich coconut milk and naturally healing vitamin E, Curél® **deep-penetrating foot cream** noticeably smoothes and softens dry, cracked skin in just two nights, significantly improving the look and feel of even the driest feet.

Daily Care for Softer, Smoother Hands & Feet

Daily Damage:

Household cleaners wash away the beneficial natural oils on your hands and dry out and weaken nails and cuticles.

Everyday Solution:

Wear gloves when you clean.

Curél® Skincare Can Help:

For even softer hands & cuticles, apply **Curél® Hand & Cuticle cream** before you put on rubber cleaning gloves. The moisture will be locked in with plenty of time to absorb and heal dry skin.

Daily Damage:

A normal day of being on your feet can cause calluses—thickening of skin—to form.

Everyday Solution:

After a long day, soak your feet in warm water to soften calluses. Then use a pumice stone to smooth away rough, dead skin.

Curél® Skincare Can Help:

Use **Curél® Foot Cream** nightly to restore lost moisture and help keep calluses at bay.
